

SUBHAM YADAV

Farrukhnagar, Gurugram • 8448609129 • ry654276@gmail.com

SUMMARY

Aspiring Machine Learning Engineer with a strong foundation in AI, Python programming, and data analytics. Experienced in project-based learning, including data fundamentals, project management, and emerging technologies through IBM SkillsBuild. Skilled in implementing analytical solutions and eager to apply machine learning techniques to solve real-world problems. A dedicated learner with internship exposure, ready to contribute to impactful tech-driven projects and grow in a dynamic, data-focused role.

PROJECTS

- **Stock Price Prediction using Machine learning**

Built a linear regression model to forecast stock prices based on historical data. Implemented using Python, pandas, scikit-learn, and matplotlib.

- **Movie Recommendation System**

Developed a collaborative filtering-based recommender system using user ratings. Implemented using Python, pandas, and the Surprise library.

- **Pneumonia Detection using CNN**

Designed a Convolutional Neural Network to detect pneumonia from chest X-ray images. Achieved high accuracy using deep learning techniques with TensorFlow and Keras.

CERTIFICATIONS

- PROFESSIONAL CERTIFICATE IN DATA ANALYTICS – IBM SKILLSBUILD
INTERNSHIP PROGRAM
-

SKILLS

- **Programming Language : Python**
 - **Data Analysis: NumPy, Pandas, Matplotlib, Seaborn**
 - **Machine Learning: TensorFlow, Keras (basics)**
 - **Database & Querying: MySQL**
 - **Tools & Platforms: Jupyter Notebook, Google Colab, Git, VS Code , pycharm**
 - **Concepts: Data Analysis, Machine Learning**
 - **Soft Skills: Problem-solving, Team collaboration, Quick learning, Communication**
-

EDUCATION

Bachelor of Technology (B.Tech) in Artificial Intelligence & Data Science
World College Of Technology and Management
Batch : 2022 - 2026
